Co Air Foia ammonia monitoring.doc

My public records request to the Maricopa County Air Quality Department for records of ammonia monitoring near the Hickman's facilities in Arlington and Tonopah came back with this result. Your earlier email indicated you had gathered the ammonia monitoring information from the county and the state, so I assumed it was from the Maricopa County Air Quality Department. What Maricopa County agency did you get these records from?

Thanks,

Steve Brittle
